BIZERBA

Manual vertical slicers VS

Vertical slicers VS are also available with optional scale connection for slicing as accurate as 1 g. Advantages of the low design: fatigue-free, ergonomic operation of the carriage while maintaining eye contact with the shopper.

Manual vertical slicers VSC

Bizerba VSC - the compact and space-saving vertical slicers, depending on the model with optionally integrated weighing technology. They stand out due to their perfect ergonomics and ease of cleaning.

Semi-Automatic slicers GE

The compact shape does not take up space, and is especially suitable for small shops, kitchens and supermarkets. 45 ° inclined slice, excellent slice performance.

Manual gravity feed slicers GSP

Thanks to the many carriage options, possible combinations, optional equipment and various accessories, the gravity feed slicers GSP perfectly adjust to individual requirements. Designed and developed based on modular design.

Automatic gravity feed slicers

Bizerba gravity feed slicers are impressive in terms of functions and product variants. Servo support for the slicing movement or the automatic slicing process make work easier allowing the operator more time for active selling.

Industrial slicers

Bizerba fully automatic slicers meet the highest demands in food processing. They can be easily integrated in production lines and are flexible should the location be changed
